the fiberstone specialist

We unanimously opt for fiberstone because of its high quality, its lightweight and its low maintenance. All our products are handmade.

skyhigh stock levels

Due to our large warehouses, one in the Netherlands, one in the USA and one in Vietnam, we are able to deliver large quantities very quickly.

suitable product for every project

Our product development team is always searching for new shapes, colors, sizes and finishes. We offer endless possibilities to ensure there is always a planter that suits your wishes.

14 years of expertise

Our team of product experts is more than happy to assist you, and ensure you know everything you need to know before and after your purchase.

dutch design **pottery** and more.

Pottery pots is a global brand with Dutch roots, developing and selling high quality planters and related products, from jumbo pottery to small accessories and from glossy to rough finishes.

The company has its headquarters, showroom and warehouse in Aalsmeer, the Netherlands. The North and South American market is operated from our showroom and warehouse in Burlington, New Jersey and our showroom in Atlanta, Georgia; both in the United States of America. We also have a warehouse in Vietnam, from which we ship containers.

Since our foundation in 2008 we aim for an extensive assortment that is based on the belief that design should be available for everyone. That is why we are always looking for the perfect balance between design, quality and price. Every pottery pots product is designed from a simple but clever perspective. We believe in basic forms and shapes, without thinking of it as boring. This no-nonsense way of thinking and designing is assigned to the Dutch identity, and is widely known as 'Dutch design'.

At pottery pots we want every indoor and outdoor space to stand out. To achieve this, we developed a wide selection of lightweight fiberstone planters to make sure we always have a suitable product for your project in stock.

With our 14 years of experience in selling pottery we know how to give you the best advice. We know buying pottery can be a challenge, but we are here to help you. Whether you need to choose your assortment for the next season or you would like to know which planter suits best in your project, our aim is to serve you the best pottery.

Tjcho Schafraad CEO / Founder

Isan Schafraad CFO / Founder

Vice President USA Hajko Schafraad

2008

where it all started

Brothers Tycho and Isan Schafraad establish the Pottery Pots Brand. The first pots and planters are sold from a small garage box in Aalsmeer.

2009

international tradeshow

Pottery Pots participated in the international trade show Trendset in Munich - Germany, for the first time.

2010

the first employees

After two years it is time to hire the first employees. A sales employee is driven to get more sales and answers the questions from the growing customer base. Support is also provided to the administration.

2011

added jumbo planters

The range is expanded with extra-large planters. At Pottery Pots we call them jumbo planters. These jumbo's are ideal for the project and (interior)landscaping market.

2012

the succesful apple

The successful apples are introduced. These stylish cheerful design objects are bestsellers all over the world.

2013

Jan des Bouvrie

A complete collection of furniture, planters and accessories is launched together with Dutch top designer Jan des Bouvrie.

2014

move to new location

Pottery Pots has outgrown the office in Wijdewormer (NL) and moved to a new office with a warehouse of more than 12.000 square meters.

2015

expanding to USA

The company expands to the United States of America. An office, showroom and warehouse based in New Jersey and another showroom based in Atlanta, Georgia.

2016

our first webshop

The new webshop was launched, customers can now place their orders online.

2017

new identity

The company's brand identity is examined, which results in a complete re-branding.

2018

10 year anniversary

Time flies when you enjoy making pottery and more. In 2018, Pottery Pots is celebrating their 10th anniversary!

2019

something unique

The unique Bohemian collection has been developed. A collection of bamboo and seagrass baskets that have been transformed into a planter by adding a special layer of cement.

2020

new functional webshop

A strange year in which the Covid-19 virus causes a global crisis, without knowing of how long it will last. It was a hectic year but also with some highlights, as we launched our new website and webshop.

2021

the impact of covid-19

the year of Covid-19 had more impact than we could have ever imagined. The trade shows we always participated were cancelled and visiting clients had never been more difficult. It taught us to stay creative and keep continue building our online shop.

2022

continue to grow and expand opportunities

After 14 years, we reached many target groups in more than 56 countries. Our account managers are still visiting the customers and the new webshop is a perfect tool to view and order the collections online at anytime. In addition we continue to share inspiration on our fast growing social platforms. We would like to let you know that coming year we will give the end-consumer the option to be connected to one of our online partners through our webshop. This new tool will make it easier for both the customer and the end consumer.

entire year

the perfect program for your business!

order from stock (entire year)

Due to our large warehouses (in the Netherlands, USA and Vietnam) we are able to deliver large quantities very quickly. Easily refill your inventory and replenish your shelves by placing an order directly. We mostly have all our products in stock or we will offer you a suitable alternative.

- ✓ Delivery within 2 - 5 working days*
- ✓ Suitable product for every project
- ✓ Large warehouses in three continents

**Depends on the country of delivery*

early buy program (September - April)*

To prepare you for the high season we offer our early buy Program. This program offers the possibility to purchase our existing and new collections at a reduced rate. You will have access to our wide collection and you will be the first to have our new collections in-store. Thanks to our guaranteed delivery between January and April, your store will be ready in time for the high season.

- ✓ Reduced rates and extra early buy discount
- ✓ Guaranteed delivery between January and April

**The order should be placed before of the end of November.*

container program (entire year)

Full containers can be shipped directly from our warehouse in Vietnam to their destination. Put together the container with your perfect collection and have the possibility to customize the products (e.g. add drainage holes). This way you can save time and increase your margin!

- ✓ Put together your own container
- ✓ Have access to a wider assortment
- ✓ Get financial benefits
- ✓ Customize your order

rough

fiberclay

The rough collection is the rebellious one of the pottery pots family. With its 'less is more' mentality, the rough collection focuses on the tough character of the pot. The collection, with a fiberclay basis, consists of modern planters with the same characteristic finish in many different colors.

- Made out of fiberclay (cement and glassfibers)
- Way of production is similar to earth and clay productions
- Ideally suited for round shapes
- Indoor and outdoor

have the best selection of planters in your store with our **shop-in-shop** program!

shop-in-shop

This money and time saving program will make selling Pottery Pots to your customers even easier. You can select different finishes in both small or large sized programs. Depending on your store space there will always be a suitable program.

We offer high discounts when purchasing multiple programs. If sales are going well, you can easily re-order single products or the full program.

On top of that we also offer the possibility to upgrade to the 'shop-in-shop package', to give your customers the ultimate pottery pots brand experience.

Ask for our 'shop-in-shop' booklet to view all details about this program.

bohemian

ficonstone

Inspired by travelling and stories, the bohemian collection is a perfect combination of natural colors and crafts. These planters are made with a unique process; traditionally woven baskets are turned into strong planters by using ficonstone on the inside. Due to the natural composition of the material, some color and size variations may occur.

Within the bohemian collection, you can choose between three different looks, each with a different material on the outside that is ecologically responsible:

bamboo, **seagrass** and **straw grass**.

Bamboo

- Handmade and unique
- Strong inside because of the combination of fiberglass and cement
- Pot always remains in perfect shape because it is made of strong material
- Standard waterhole with plug and feet for the best waterdrainage
- Indoor and outdoor

Rafi S, bamboo (T4008-31-BB)

FACT

All bamboo pots with feet are equipped with a removable plug that ensures that the water can drain properly when the pot is placed outside. If you only use the pot indoors, we recommend a pot-insert (see page 220).

FACT

All pots in the bohemian collection have a layer of cement inside. This ensures that the pot is strong and keeps its shape. The bamboo pots are for both in- and outdoor use and have a 2-year warranty.

concrete

cement

The concrete collection contains small pots with a cement look made from a combination of cement, sand and water. These waterproof pots are available in angular and round variants and available for both indoor and outdoor locations. Due to the different smaller sizes, there is a possible to create a layered look with multiple sizes.

- Handmade and unique
- Modern design that can be combined within many interior styles
- Waterproof
- Indoor and outdoor

* waterproof for plants only, not to be used as flower vase.

refined

sandstone

Deep, warm and soft tones derived from nature form the base of the pottery pots refined collection. Specially designed to bring serenity and simplicity back into the interior. The matte finish provides an earthy and pure feeling of calmness. Simple shapes and sleek finishes make this collection elegant and tasteful. The refined collection is made of sandstone, which makes it a lightweight, strong and refined collection.

- Made out of sandstone (poly resin, stone powder and color pigment)
- Strong material
- Very fine and thin lines obtained by sand grains hand crafted
- Ideally suited for round shapes
- Unique and characteristic look
- Indoor and outdoor

urban

ficonstone

We think this would be the outcome when rough meets modern. The urban collection brightens up every space and is an eyecatcher. The medium to oversized planters come in three different well-known pottery pots shapes: the orb, the patt and the charlie. The unique concrete finish is suitable for both outdoor and indoor.

- Made of ficonstone (fiberglass, cement, sand and finely ground stone)
- Budget friendly
- Indoor and outdoor

natural

fiberstone

The natural collection is a large collection of basic and designer planters all recognizable by their natural finish. All items in this collection are made from the strong material fiberstone. The look and feel is almost indistinguishable from real, even more expensive natural stone. Because of the various sizes there will be a solution for every space.

- Made of fiberglass and 58% finely ground stone (fiberstone)
- Low maintenance
- Timeless appearance
- High quality
- Lightweight
- Indoor and outdoor

** Be aware that 5-year warranty for fiberstone outdoor pots is only valid as long as proper pot feet and drainage holes are used (as described on page 129 at 'TIP').*

A photograph of an outdoor patio area. In the foreground, a wooden slatted bench with a white cushion is partially visible on the left. The ground is paved with irregular, flat stones in shades of grey, blue, and tan, set in a light-colored mortar. In the background, a large, bushy plant with vibrant pink flowers sits in a dark brown wooden planter box. To the right, a black metal railing borders a swimming pool. The scene is bright and sunny, with green trees and a clear blue sky in the distance.

For a **landscaper** our showroom can feel like a candy store. We have the perfect pot for every place, for both large and small gardens. We also offer a large assortment of artificial plants for both indoor and outdoor use. If the customer doesn't have time for maintenance this is a real must!

Garden centers are one of our largest customer groups. That's not surprising, because a garden center has a lot to offer. From plants and pots to from Christmas items and pet food. To distinguish yourself as a garden center, we offer planters and artificial plants for any indoor or outdoor space and for any climate. This is also reflected in the fact that we now serve more than 56 countries around the world.

have the best selection of planters in your store with our **shop-in-shop** program!

shop-in-shop

This money and time saving program will make selling Pottery Pots to your customers even easier. You can select different finishes in both small or large sized programs. Depending on your store space there will always be a suitable program.

We offer high discounts when purchasing multiple programs. If sales are going well, you can easily re-order single products or the full program.

On top of that we also offer the possibility to upgrade to the 'shop-in-shop package', to give your customers the ultimate pottery pots brand experience.

Ask for our 'shop-in-shop' booklet to view all details about this program.

collection online

essential

fiberstone

The essential collection consists of a wide range of basic and designer planters. All recognizable by their simple and smart design with a glossy or matte lacquered finish. All items in this collection are made of the strong fiberstone material. The strength of this collection is in its simplicity. The simple design of the products makes them perfect for any environment.

- Made of fiberstone (fiberglass and 58% finely ground stone)
- low maintenance
- Sprayed with multiple layers of high-quality automotive paint that is resistant to various weather conditions and UV resistant
- Timeless look
- High quality and handmade
- Lightweight
- Indoor and outdoor

have the best selection of planters in your store with our **shop-in-shop** program!

shop-in-shop

This money and time saving program will make selling Pottery Pots to your customers even easier. You can select different finishes in both small or large sized programs. Depending on your store space there will always be a suitable program.

We offer high discounts when purchasing multiple programs. If sales are going well, you can easily re-order single products or the full program.

On top of that we also offer the possibility to upgrade to the 'shop-in-shop package', to give your customers the ultimate pottery pots brand experience.

Ask for our 'shop-in-shop' booklet to view all details about this program.

ridged

ficonstone

The ridged collection is a classic collection with our signature pottery and planters available in various sizes. The pots have a finely ribbed surface, which makes them sturdy yet elegant classics. The charismatic planters from the ridged collection are made of ficonstone and can be used both indoors and outdoors.

- Made of fiberglass, cement, sand and finely ground stone (ficonstone)
- Budget friendly
- Indoor and outdoor

cement & stone

ficonstone

The cement collection is a small collection of our bestsellers featured with a special finish. The finish of the planters feels like a newly plastered wall. The smooth finish with dispersed shades gives the products in this collection a cool and contemporary look. The robust material ficonstone is suitable for both indoor and outdoor and can therefore be placed in any environment.

- Made of ficonstone (fiberglass, cement, sand and finely ground stone)
- Budget friendly
- Indoor and outdoor
- UV resistant (except the grass in pot)

use & care

Our use and care collection offers a variety of products to maintain or upgrade your Pottery Pots planters. Most of our products can be used both indoors and outdoors. When products are placed outdoor a special outdoor treatment is required. Our use and care accessories keep your products in the best condition possible.

pot feet, fiberstone grey (16-S4-03)

saucer jort natural, fiberstone black (J9008-50-01)

Your products deserve the best maintenance

Keep your Pottery Pots planters in the best condition possible with our supporting Use & Care products. This range offers various products to maintain or upgrade your planters. All products can be used both indoor and outdoor when the Use & Care products are used correctly.*

IN GENERAL

1. Is there any damage caused to your planter?
Easily touch it up with our **lacquer pen**.
2. Use the **maintenance oil** to preserve and enhance the surface of fiberstone black planters. The oil also protects against discoloration and simplifies maintenance.
3. Would you like to turn your planter into a pillar?
Use one of our **toppers**!
4. Do not move the planter after filling. The weight of the clay pebbles, the soil and the plant could cause damage to the planter.
5. Make your planters easily movable with **pot wheels**.

lacquer pen

maintenance oil

topper

pot wheel

FOR INDOOR USE

1. Cover the inside with a water-resistant **plastic pot insert** or use a **saucer** to collect excess water.
2. Put the planter in the right place.
3. Fill the planter with 1/3 of **clay pebbles** and 2/3 of **fertilized soil** and place the plant in the planter.

plastic pot insert

saucer

clay pebbles

fertilized soil

FOR OUTDOOR USE

1. Drill holes in the bottom of the planter and cover these with mesh, to make sure the soil cannot clog the holes.
2. Put the planter in the right place.
3. Use **pot feet** to make sure that the planter does not directly make contact with the subsurface.
4. Fill the planter with 1/3 of **clay pebbles** and 2/3 of **fertilized soil** and place the plant in the planter.

Tip: place a piece of duct tape where you will drill the hole, to avoid the drill from slipping.

pot feet
